A Test for Greed

1. You use immoral means to accumulate.
 2. You complain more than you give thanks.
 3. You care more about cash than your character.
 4. Your financial life is going up, but your spiritual life is going down.
 5. You treat people with money better than you treat people who don't have it.
 6. You covet what other people have.
 7. You hurt others in pursuit of things.
